

# TERRELL MULLIN

---

## BIOGRAPHY

Terrell Mullin is one of the most sought after makeup artist in the industry having worked with the likes of Angela Bassett, Jourdan Dunn, Eva Marcille, Serayah and Tamar Braxton. Best known for 'beating' a face and creating that flawless look, Mullin's impressive body of work speaks for itself.

With no formal training in hairstyling, Mullin got his big break at the young age of 18 when he was hired to work on the set of UPN's sitcom series, *Moesha*, starring R&B singer, Brandy Norwood.

Making a seamless transition to make-up, Mullin now lends his talents to the small screen, in addition to, cinema, runways and music tours. He boasts a host of celebrity clients to include actors, television personalities, musicians and top models for on-camera, red carpet and special engagement appearances. His work has also graced magazine covers and has been featured in publications such as *People* and *Essence*.

In 2013, Mullin broaden his career objectives when he was appointed creative director of R&B singer, television personality and actress, Tamar Braxton. In this vital role he lead concept forward for any work assigned to the artist. This included work on Braxton's WE Tv's reality television series, *Tamar & Vince*, second studio album *Love & War* and tour and Fox's syndicated talk show, *The Real*.

No stranger to touring, in 2016, Mullin took to the road for pop superstar Madonna's, *Rebel Heart* tour. He would return home to California where he would take on the dept. head position for Fox drama series, *Rosewood*. And currently his work can be viewed on NBC's comedy television series, *A.P. Bio* and VH1's *America's Next Top Model*. Always looking to break new grounds, Mullin announced his very first campaign for women's clothing brand, *Evelyn & Bobbie*, where he was credited for hair, make-up and his latest passion, photography.

In short, Terrell Mullin puts the 'artist' in make-up artist.

**NIECY NASH, 38, TV HOST-ACTRESS**

Although constantly in the spotlight, the *Reno 911!* star is a frank, funny beauty maven and a busy mom who always keeps it real

**BEST ADVICE:** "Live life on your own path. Everybody's got something different; you can't keep up with all those people, so you better keep up with yourself."

**STAR TREATMENT:** "I sit down for a manicure every two weeks with Kelly at the Number One Nails salon in L.A. I also love working a back with my massage artist, David Mader, and my hairstylist, James Davis, of Aesthetica in Long Beach, California. What's also essential is having a good dermatologist's number in my Rolodex!"

**SHIPSHAPE:** "WHAT I LOVE THE MOST IS SWIMMING AND PILATES. I DON'T GET TO SWIM THAT MUCH THOUGH, BECAUSE I HAVE TO GET MY HAIR TOGETHER FOR THIS AND THAT. BUT MY FOOLPROOF GO-TO IS TO GET MY CHILDREN INVOLVED. WE'LL HULA-HOOP WHILE WATCHING TELEVISION."

**Makeup Secrets:**

"If you don't like red, baby, you have to have something to cover it all up. If you have a hectic schedule, it's going to take more time and water to get you together—you have to jump it up your make-it. It's during those times that I sport the white. (M&M Cosmetics, Lushy Pressed Powder [spr. \$14, drugstores nationwide] and MAC Total Lipgloss [\$18, [www.cosmetics.com](http://www.cosmetics.com)].")

In the Bag: "My other faves are *Always One Click Bouncing Water-Resistant Mascara* for my eyes, *Always Airbrush 10-hour system* [3X, both drugstores nationwide], and *Always*."

**No-Nonsense says...** "To keep the hunk of my hair, *Yeseline* Cocoa Butter Volumizing Gel Cream Oil is the best. *Carol's Daughter* Margari Milagres Bath and Body Oil smells scrumptious."

How Curtis "50 Cent" Jackson Built His Business Empire

A man and a woman are shown from the chest up, covered in vibrant, multi-colored paint splatters. The man is on the left, looking directly at the camera with a slight smile. The woman is on the right, also looking at the camera. The paint splatters are in shades of red, yellow, green, blue, and orange, creating a dynamic and artistic visual. The background is a soft, out-of-focus grey.
